

Blackout Module

Vehicle Light and Sound Deactivation

Overview

- Manual deactivation of exterior/interior lights and alert chimes in police vehicles (excludes daytime running lights)
- Aids in covert and surveillance operations
- Module automatically disengages for safety when vehicle speed reaches between 5-20 mph (configurable)

Features

Exterior lighting deactivated:

- Brake lights
- Parking lights
- Reverse lights

Interior lighting deactivated:

- Dome light
- Dims instrument cluster to 10% brightness

Chime mute functions:

- Seat belt chime
- Key ignition chime
- Headlights on chime
- Door ajar chime

Product features may vary by make, model or year. See instructions for complete details.
