

ILIS P

SHIFT INTERLOCK FOR DOOR OPERATORS

OVERVIEW

- This automated lift interlock system prohibits lift operation unless vehicle is secured
- It also prevents the vehicle from moving while using the lift
- In addition, the lift can be operated from outside the vehicle with the keys off

**PLUG AND PLAY
EASY TO INSTALL**

WHY ILIS P

EASY TO USE

Dash-mounted LED panel is easy to operate. Lift can also be operated from outside the vehicle.

MEETS STANDARDS

This lift interlock meets with the ADA Title 49 and FMVSS 403/404 wheelchair lift interlock standards.

PATENTED TECHNOLOGY

Patented microprocessor controlled and Intermittent Fault Filter technology filters out erroneous changes in sensor signals.
