

CATalert™

Catalytic Converter Anti-Theft Alarm

Overview

- Alarm system helps prevent catalytic converter theft
- Works on any commercial vehicle chassis

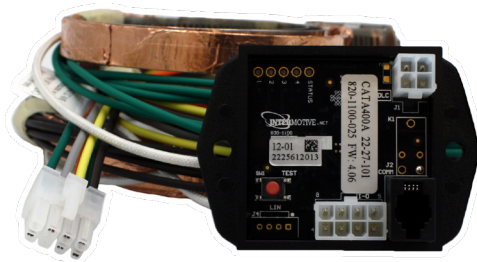

THEFT STATISTICS

- Catalytic converter theft has increased almost 293% nationwide over the last several years*
- Ford and Chevy chassis listed in the top 10 targets nationwide**
- Replacing a catalytic converter can cost between \$1,000 and \$3,000

Sources: *State Farm Claims Data Report / **CARFAX

Features

- Any attempt to remove the catalytic converter or disable CATalert will honk the horn
- Output signal provides options for:
 - Activating interior lights
 - Reporting real-time tampering/theft via telematic devices
- Supports up to two catalytic converters as found on some vehicles
- Optional auxiliary horn makes installation quick and simple
