Police Interface Module

Multi-function System

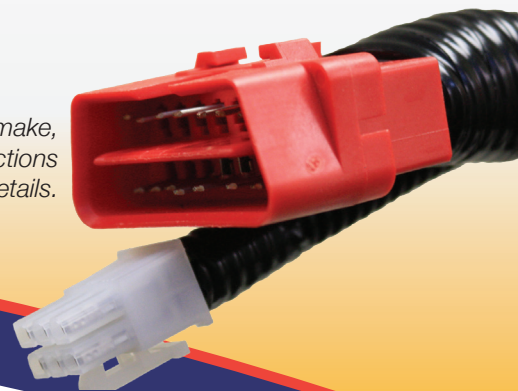

Overview

- Designed specifically for law enforcement vehicles to allow for multiple InterMotive features to be utilized on one module
- Configurable for multiple additional features
- Less expensive than a-la-carte module purchases
- Includes features unique to each vehicle line

Features

- Reprogramming of steering wheel auxiliary buttons to be used in any combination of momentary, latching, timed or "radio"
- Buttons can be used to activate lights, sirens, spotlights, push-to-talk radio and installed features
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings

*Product features may vary by make,
model or year. See instructions
for complete details.*

Features

	Ford Interceptor	Chevy Tahoe	Dodge Vehicles: Charger / Durango
Standard Features	<ul style="list-style-type: none"> Intelligent Switch Mode* Dark Car** 	<ul style="list-style-type: none"> Blackout Mode Surveillance Mode™ 	<ul style="list-style-type: none"> Intelligent Switch Mode* Chime Mute Mode Secure Park Active Signal† (Charger) Engine Stop/Start Override†† (Durango) Auto Park Override‡ (Durango) Auto Sport Mode‡‡ (Durango)
Optional Features	<ul style="list-style-type: none"> Automatic Fast Idle Audio Mute Chime Mute Mode Surveillance Mode™ 	N/A	<ul style="list-style-type: none"> Blackout Mode IdleLock with AutoSense Technology™ (Durango) Surveillance Mode™

* Intelligent Switch Mode: Allows for custom programming of steering wheel buttons to activate InterMotive features or operate lights, sirens and more.

** Dark Car: Deactivates the interior, dome and parking lights.

† Secure Park Active Signal: Provides outputs to disable the weapons rack, trunk release or other equipment when the vehicle is in Secure Park.

†† Engine Stop/Start Override: Disables the OEM stop/start system, allowing the engine to continue running when the vehicle is stopped.

‡ Auto Park Override: Disables the OEM settings, allowing the vehicle to remain in Drive with the driver's side door open and seat belt unbuckled.

‡‡ Auto Sport Mode: Automatically activates the vehicle's Sport Mode feature when custom conditions are set (e.g., turning on lights or sirens).
